

Management Policy Statement

AUTOMATED PRODUCTION, LLC management considers its first responsibility to be the safety and health of all its employees. In accepting this responsibility, a safety program has been established to provide a safe and healthful workplace. Management will provide the necessary resources to carry out this program and will comply with all applicable federal, state and local requirements.

Control of potential safety and health hazards and their elimination is the primary objective of this company's safety program.

Managers and supervisors at every level is accountable and will accordingly implement and enforce safety policies and safe procedures that encourage employees to remain accident-free, be on the constant alert for unsafe practices and conditions, and take action to eliminate such practices and conditions if they occur.

In turn every employee must accept responsibility to prevent injuries to themselves and others by following the safety policies and procedures outlined in this program. In doing so, employees, families, the environment and the company will benefit.

The Company Safety Coordinator is responsible for all safety related training records, reports, and inspection activities.

All employees shall observe this policy, under the direction of management and with the guidance of our supervisors will reduce accident and unnecessary loses will make the company more competitive and safeguard our jobs.

Reducing accidents and related, unnecessary losses will help us to be more competitive in our industry, thus helping to safeguard our jobs.
